We the yearbook staff are proud to present this year's dedication to none other than Mr. Robert Truax. He has served OHS as an assistant principal for the last six years, but has also taught our student body many things along the way. Those who took Algebra II can fondly recall his flair for the dramatic as he taught imaginary numbers. Many may remember how he regaled us with stories from his travels and his service in the Navy. Seniors appreciate his tenacity in waiting to graduate alongside us. Mr. Truax, we thank you sincerely for your commitment to our students, our staff, and our school as a whole. We will miss you, and we wish you well on your future endeavors!

This year, OHS had a total of 76 summer days to spend. We were on the job (or jobs). We got outdoors and soaked up that vitamin D. We cruised on the water. A few of us traveled with our family and friends. These travels took us to different stadiums, the beach, Apex, and even Iceland!

Seniors rocking their throwback backpacks. Realizing this is their last first day of high school. Having new freshmen for the first time since the eighth grade switch. Who's in this class? Who's got last lunch? School has us asking all sorts of questions, and we start answering them (and having more) on our first day back.

"In August of 2023, I started as the head coach of this team. In September, I learned what field hockey was. I have never had a more rewarding experience than coaching these athletes! I explained to them that I have no experience in field hockey but would do my absolute best to learn it and they welcomed me warmly. Our teams' mantra is to "win and loose with class" and they exceeded that in every way! High School athletics is not about wins and losses, rather it's about the experience and what they gain from it. With that said, these kids walked away from here as Champions! Their comradery, friendship and sportsmanship was second to none. I look forward to many more seasons with this team and future teams!"

Student Council organized a fantastic Winter Carnival Olympics Day on the Friday before February vacation! During this day, students were able to participate in a wide variety of activities hosted by different teachers. From craft rooms to video game tournaments, from cornhole to dodgeball, there was an activity for every kind of student. This day launched a new tradition for a full day of fun at Oxford High School and we already can't wait for the next Winter Carnival day!

& CREATORS

This year our yearbook team worked very hard to create pages for everyone to look back on all of the memories made throughout the year. Together we took photos, laughed, listened to music, gave feedback, and edited pages to bring to the school a lovely yearbook that will be remembered forever. As for NHS, the students came together and helped volunteer to support our community. This year they accepted new members to the crew and helped plan an unforgettable induction ceremony.

ma'am, YES MA'AM

Navy Junior Reserve Officers Training Corps (NJROTC) is a unique organization here at OHS. On Wednesdays, the unit undergoes uniform inspection and all cadets receive a grade. They are also quizzed on their knowledge. For example, they are asked questions like "When is the Navy's birthday? (It's October 13th, 1775 btw). On Fridays, the unit partakes in physical training (PT). This takes many forms including soccer, Just Dance, Fishy Fishy Cross My Ocean, etc.

we got THE BEAT

In the B100s resides none other than OHS's very own Chorus and Band. Every year, Band graciously performs at home sports games. These courses orchestrate not one, but TWO concerts. One in the winter and one in the spring. Class time is used to rehearse chords, vocals, harmonies, etc. Band and Chorus also compete at district and state levels. Congratulations to any and all performers who qualified at those levels! It suffices to say that "You've got the beat".

Oxford students indulged in some new clubs this year. Mr. Peloso worked to revive the E-Sports team. Ms. Harper also started a Dungeons and Dragons club. In addition, Oxford athletes started the Fellowshio of Christian Athletes Club where student athletes can come together to talk about the importance of maintaining their faith while playing school sports. There truly is a club for everyone at OHS!

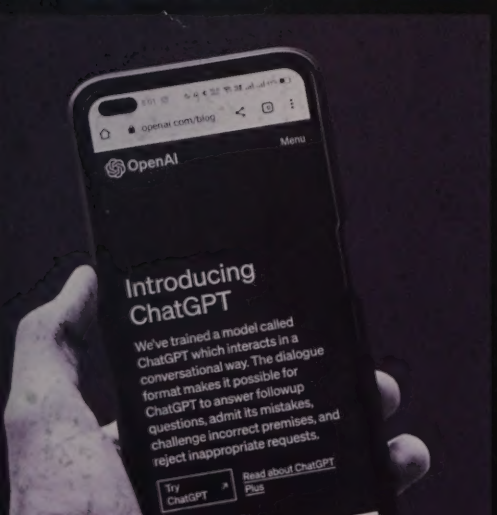
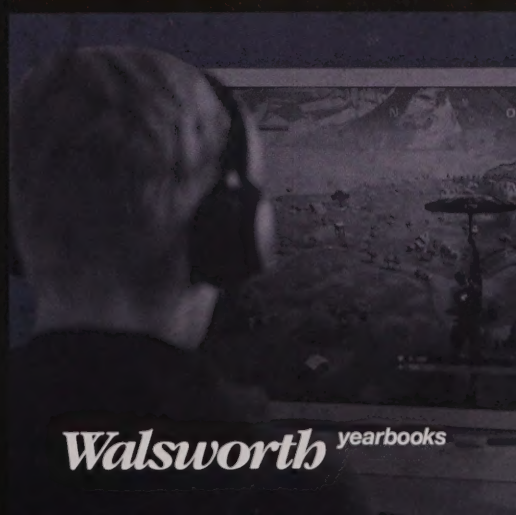
YEAR IN REVIEW

2023-2024





beyond wildest dreams

Taylor Swift performs her 44-song setlist to a sold-out crowd during her record-breaking Eras Tour, which became the first concert tour in history to gross over $1 billion. The ongoing tour generated over $6.4 billion in economic impact in the U.S. and Canada, turning Swift into a billionaire herself and paving the way for her to break the record for most No. 1 albums by a woman in history. Along with releasing three new albums, premiering a concert film and becoming the first person to ever win four Album of the Year Grammys, Swift shared the wealth by donating to local food banks at each tour stop and providing bonuses totaling over $55 million to her Eras Tour workers. *Photo credit: Newscom*

SHE'S A MASTERMIND

Taylor Swift announces the *Taylor Swift: The Eras Tour* concert film, with tickets selling for $19.89 in honor of her *1989 (Taylor's Version)* album. The movie notably cut out major distributors as Swift secretly worked with AMC Theatres directly. This meant she negotiated to keep 57% of the movie revenue, money that otherwise would have gone to a distributor, spurring other performers, like Beyoncé, to do the same. *Photo credit: Zach Field*

IT'S A BARBIE WORLD

Actor Margot Robbie stars as Stereotypical Barbie in the Greta Gerwig-directed hit movie *Barbie*. Moviegoers everywhere painted theaters pink as they flocked to see the film, which raked in over $1.4 billion worldwide and marked a historic milestone as the highest-grossing female-directed film of all time. The movie's soundtrack also broke records, with hits like Dua Lipa's "Dance The Night" and Billie Eilish's "What Was I Made For?" gaining viral popularity through streaming and social media platforms.

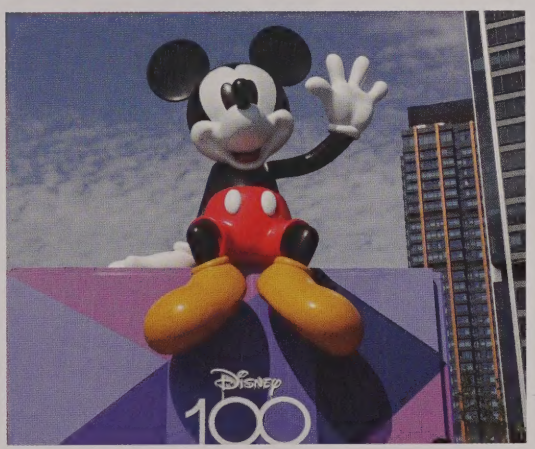
BARBENHEIMER BONANZA

The simultaneous release of Greta Gerwig's *Barbie* and Christopher Nolan's *Oppenheimer* on July 21, dubbed "Barbenheimer" by fans, quickly becomes the cultural phenomenon of the summer. The contrasting worlds of the glittery-pink, feel-good musical comedy and the dark, historical biopic took social media by storm and sparked an unexpected alliance between the two films. Deemed as the "great pop culture unifier of the year," the frenzy offered a box office revival as the fourth-strongest opening weekend ever in cinemas. *Photo credit: Newscom*



100 YEARS OF MAGIC

Disney celebrates its 100th anniversary on Oct. 16. The company, founded in 1923 by Walt Disney, became known for creating classic animated films like *Snow White* and *Cinderella*, as well as contemporary fan favorites, including the *Frozen* franchise. Disney celebrated this anniversary with special events at their theme parks, exclusive merchandise and the release of *Once Upon a Studio*, an original short film that followed Mickey Mouse as he gathered some of Disney's most legendary characters for a group photo.

A NEW RENAISSANCE

Thirty-two-time Grammy winner Beyoncé performs to one of five sold-out crowds at Tottenham Hotspur Stadium in London, England, during her 56-show *Renaissance* World Tour. The global tour stopped at a number of cities scattered across the U.S. and Europe, grossing a whopping $579 million and boosting the American economy by $4.5 billion. Her first solo headline tour in seven years, Beyoncé's *Renaissance* spanned almost three hours in length and saw fans of all ages dressed head to toe in dazzling sci-fi disco-themed outfits fit for a queen. *Photo credit: Newscom*

THAT'S MY QUARTERBACK

American football players Marcus Mariota, Patrick Mahomes and Kirk Cousins attend the Hollywood premiere of Netflix's new television documentary series "Quarterback." The show became a hit as it took viewers behind the scenes of what life was like in the NFL for the three pro quarterbacks, with plans for a second season soon announced. Netflix's "Beckham," another sports documentary series that followed soccer icon David Beckham's meteoric rise and career, hit #1 on Netflix charts while garnering 30 million views and 145 million hours of viewing time in just three weeks. *Photo credit: Newscom*

Building upon the open-world exploration of the previous game, TOTK expanded from the surface of Hyrule to floating islands in the sky and an underground area known as the Depths. New challenges, abilities and secrets captivated players and helped TOTK win universal praise and numerous nominations and wins from Gamescom, The Golden Joystick Awards and The Game Awards. *Photo credit: Zach Field*

UNDER PRESSURE

A recent study reveals that New York City, home to 421 skyscrapers, is sinking under the weight of its own buildings. Researchers from the U.S. Geological Survey and the University of Rhode Island studying sea-level rise in coastal cities found that the collective weight of the city's 1,084,954 buildings – amounting to a staggering 1.68 trillion pounds — was causing NYC to gradually sink by up to 2 millimeters per year. This, compounded with melting ice sheets linked to rising sea levels, posed a heightened flood risk to the Big Apple.
